# Never forget: The coronavirus pandemic, the government's totalitarian actions, and the media's propaganda were scripted back in 2019

At the 2019 Trinity Health Freedom Expo in Chicago, IL, an expert panel of speakers discussed the very real possibility of upcoming vaccine mandates and vaccine passports for

travel. What sounded like conspiracy theory at the time, turned out to be reality just a few months later, when the World Health Organization (WHO) declared a global coronavirus pandemic and demanded strict lockdowns and a new vaccine to get back to normal.

## Truth-tellers would later be targeted by the federal government for spreading “disinformation”

Many of the truth-telling Paul Reveres at the Trinity Health Freedom Expo would later be targeted as “spreaders of misinformation” – their posts banned, their pages censored across social media. Some of these truth-tellers would later be targeted by the federal government as being part of a “[Disinformation Dozen](#).” The Biden administration publicly demanded that the “Disinformation Dozen” be removed from social media platforms, and the heads of federal agencies worked directly with the companies to stifle the truth.

However, the intimidation, defamation, and censorship did not change the truth of the matter, and the health freedom movement grew exponentially in the wake of this plandemic. As a [scripted coronavirus pandemic](#) was brought to life, with vaccine mandates, vaccine passports, and other forms of medical tyranny, more people began to see the evil and predatory intentions behind the plandemic.

## Lock downs, fear propaganda, and vaccine mandates were all planned in 2019 at Event 201

In October of 2019, the Johns Hopkins Center for Health Security, the World Economic Forum, and the Bill and Melinda Gates Foundation [converged at Event 201](#). At the infamous meeting, these elitist groups would discuss an upcoming coronavirus pandemic and how they would script the government and media response. This planning would occur ten weeks before the COVID-19 outbreak first began in Wuhan China.

This infamous meeting is discussed in a documentary called Plandemic: Indoctrination. This eye-opening documentary is banned from social media and has even been removed from YouTube, [but is available here](#).

The script was laid bare at Event 201, with pre-planned media messages that mimic what eventually carried out in 2020-2022. The media messages promoted lockdowns and the destruction of civil liberties for the “greater good.” There are scripts for PPE shortages and calls to arrest those who spread “misinformation” about the coronavirus. The scripted messages pushed vaccine mandates, and even showed riots, economic turmoil, and the breakdown of civil society.

This documentary uncovers the criminal conspiracy behind the covid-19 vaccine agenda, the laboratory development of SARS-CoV-2, the business plans and patents behind SARS coronaviruses, and the wave of propaganda that was necessary in order to manipulate the public into submission with [totalitarian global agendas](#).

The documentary takes a closer look at the role of the WHO and Tedros Adhanom, the Bill and Melinda Gates Foundation, and Dr. Anthony Fauci at the National Institutes of Health. It also uncovers the money laundering schemes perpetrated by pharmaceutical companies and other multinational corporations. It breaks down the scripted media response and the role that Silicon Valley tech giants had in suppressing the truth.

## **The institutions that controlled the narrative played a part in the creation of covid-19**

One important fact of the plandemic is that the U.S. Center for Disease Control (CDC) [owns the patent for SARS-CoV](#). The CDC filed a petition with the patent office in 2007 to make this patent confidential. The CDC also owns patents for the testing kits used to detect for their patented virus. It’s important to note that if SARS-CoV is a natural virus, then the patent would be illegal. If the virus was made in a laboratory, then the CDC would be violating biological weapons treaties and international laws. Either way, the CDC still operates above the law and controls who can make inquiries into their patented virus and the corresponding testing kits. Additionally, there is also a [patent that describes the methods for producing recombinant coronaviruses](#). That patent is held by the University of North Carolina at Chapel Hill. Experiments on coronaviruses took place at the Wuhan Institute of Virology, which was funded by grants provided by Dr. Anthony Fauci at the National Institute of Allergy and Infectious Disease, and funneled through Dr. Peter Daszak at EcoHealth Alliance. These are the same institutions that controlled the narrative during the [covid-19 lockdowns and vaccine mandates](#).

Event 201 was a dress-rehearsal for a plan that has long existed. It goes back further than that. A lot further. In the 2016 xfiles mini series, it was a major plot point. (a vaccine that alters your DNA). A british series 'Utopia', in 2002 did the same thing. Think they just made
